VOTING RECORD CRITERIA

There are certain rules which apply consistently to LABI voting records and to LABI's use of those records:

- ✔ Only KEY business votes are included in the record. Only bills on which LABI has taken a clear, broad-based position are considered.
- ✔ A vote may be on an amendment or procedural motion, as well as on final passage, if that vote was crucial to the fate of the bill.
- ✔ Because of factors such as committee action or amendments, the inclusion of a vote on a bill in one house doesn't necessarily mean that it will be a record vote in the second house.
- ✔ Votes are often weighted according to their importance to the business community. See voting record chart for specific point values.
- ✔ Each term stands alone. Every legislator has an equal opportunity for a good four-year record, despite historical voting patterns.
- ✔ The annual and cumulative voting average is based upon the number of points actually earned, compared to the number of points that could have been earned over the period.
- ✔ Legislators are not penalized in LABI voting records for absences due to hospitalization or immediate family illness or death, nor for abstentions due to conflicts of interest.
- ✔ The voting record is based on printouts from the House and Senate voting machines and personal privilege corrections recorded in the Official Journal.
